June 26-30, 2019

Postpartum Support International 32nd Annual Conference

June 26-30, 2019

Hilton Portland Downtown | Portland, OR

Dear Colleagues and Friends,

The annual PSI conference is a unique international training and networking opportunity, attracting more than 400 participants. The conference brings together medical and mental health providers, childbirth professionals, support and resource providers, caregivers, policy-makers, researchers, volunteers, families, and educators to improve their understanding of PMADs and their ability to serve pregnant, postpartum, and post pregnancy-loss families.

PSI strives to increase awareness among public and professional communities about the emotional changes that new parents experience during pregnancy and postpartum. Approximately 15% of all mothers and 10% of fathers experience depression or anxiety during pregnancy and postpartum. When the mental health of the mother or father is compromised, it affects the entire family. With an international network of support, PSI disseminates information and resources through its volunteer coordinators, website, and annual conference. We provide current information, resources, education, and to advocate for further research and legislation to support perinatal mental health.

No one should suffer in silence and it is our vision that every woman and family worldwide have access to information, social support, and informed professional care to deal with mental health issues related to childbearing. PSI promotes this vision through advocacy and collaboration, and by educating and training the professional community and the public. PSI's website receives more than 100,000 visitors a year who seek PSI for support, education and local resource information. PSI has Area Support Coordinators in all 50 U.S. states, Canada, and Mexico, and more than 40 other countries around the world.

We have no doubt this year's conference will be stimulating and engaging. We look forward to seeing you in Portland!

Sincerely,

Wendy Davis, Ph.D.
PSI Executive Director

Ann Smith
PSI Board Chair

In today's world, the connections you make are vital. At the PSI Conference you will have the opportunity to network with clinicians, researchers, and advocates from psychiatry, nursing, social work, psychology, social support, spiritual care, and other healthcare professions working in perinatal mental health.

ABOUT PSI

The mission of Postpartum Support International is to promote awareness, prevention and treatment of mental health issues related to childbearing in every country worldwide. PSI has also developed a nationally recognized evidence-based training program for providers in healthcare, mental health, and social support networks. PSI has created an expert corps of experienced trainers and are committed to providing the most current research. PSI is a 501c3 organization.
